Date: _____

Please complete and return this form (2 pages) and payment receipt if appropriate to:
EBAA, C/- Wendy Eccleston at wendy@nowlandbuilders.com.au or fax 08 8947 1551

SPEAKERS (To be finalised)

Is Insulation the answer to energy efficiency? Has the approach since 2003 been a success? Are 5 Star homes really that good? What about thermal mass and good design? We have had difficulty understanding why computers don't like earth buildings. Some high profile academics also have concerns with NatHers. How can you build an energy efficient earth home? How can you build a Bushfire safe home? What is the best material in flame zone construction? What about fire bunkers? How to use earth in ways you never dreamed of revealed in a day of workshops? Get your hands dirty! Check out your next issue of Dirt and www.ebaa.asn.au for updates.

Conference speakers are still being confirmed, but the focus areas will be:

- **Affordable housing**
- **Flame zone and bunkers**
- **Challenging bunker regulations**
- **Forum: energy efficient earth houses**
- **Workshops including**
 -  **Building a fire bunker**
 -  **Soil & brick Testing**
 -  **Brick production**
- **Guest speaker dinner Saturday night at Montsalvat**

CONFERENCE FEE STRUCTURE

Early bird rates until 31st July, regular rate until 31st August, late price until 10th Sept.
